Enough is enough! I support the Bush administration & Microsoft in finally settling the ridiculous claims that have been put upon Bill Gates. What a waste of taxpayers money, to go after a law abiding, charity giving, altruistic, all American success story, who has EARNED every dollar he has made & given away. Since when do we live in a country where entrepreneurarship is punished?
Let's call the competitors "cry babies" & move on to the Federal Courts spending their time & money on someone or something that is truly harmful (rather than helpful) to this country!
